HOLLY WITT Realizing her lifelong ambition to become a Playmate (November '95), Holly admits taking a PLAYBOY to school in the first grade, telling the boys they could look "if they promised to chase me at recess." No incentives required now. *Army Freytag, 4-5; Ric Moore, 6, 7.*

BRANDY FLEMING A born-and-bred Californian with a native's love for sand, sun and surf, Brandy hopes to turn her speech communication studies into a broadcasting career. *Mizuno, 8, 9.*

KIM HOLLIDAY She says she was a "huge tomboy" as a kid—very outgoing, funny and loud. Kim's a sucker for mint chocolate chip ice cream and witty men. *David Rams, 10, 11, 12, 13.*

KIM SANCHES The older of the sensational Sanches sisters makes her NSS debut in this issue. Kim and her Playmate sibling Stacy (March '95) go almost everywhere together. "Guys we've dated have said to us, 'What, do I have to date both y'all?'" *Mizuno, 14, 15.*

SARA GOOCH She says she's a "free spirit." If so, Sara comes by it naturally. "My mom's a party animal and loves shocking people. And she's going on 50!" Looks like this South African is good for at least another 26 years of uninhibited fun. *Byron Newman, 16-17.*

CARRIE WESTCOTT Admittedly "the biggest flirt" in high school, Carrie got the ultimate flirt's rush as Miss September '93. She likes Jacuzzis in the rain, cigar smoke and massages but turns up her nose at kids who blow spit bubbles and guys in tight jeans. *Mizuno, 18, 19.*

STACY WARFEL She's got a thing for animals—the four-legged kind—and hopes to be able to set up a shelter someday to save abused and mistreated critters. *Gen Nishino, 20, 21.*

TANYA MURRAY She first appeared in 1994's *Great Playmate Search*. *Byron Newman, 22, 23.*

MELISSA HOLLIDAY Singer, songwriter, actress, model—Miss January '95 is a complete entertainment package. Vital stats: 5'6", 110 pounds, 34-24-34. *Richard Fegley, 24-25.*

CHANEL BERMUDEZ She makes her premiere NSS appearance. *David Rams, 26, 27.*

JOANNE GUEST Born in Arles in Provence, France, Joanne loves to paint. She's proficient enough to pitch in to restore old masterpieces. *Byron Newman, 28, 29.*

VICKY LEE Our British first-timer closes out the blonde section. *Byron Newman, 30, 31.*

CINDY BROWN She's a dedicated environmentalist and takes a tough stand against polluters. But our May '95 centerfold is an old softie inside, melting for "love notes and phone calls just to say hello." Vital stats: 5'4", 112 pounds, 34-23-34. *Army Freytag, 32-33, 34, 35.*

ELAN CARTER Miss June '94 is making waves in the film and video industries. Privately she enjoys gourmet food, bubble baths and "men with cute butts." *Stephen Wayda, 36-37.*

RACHEL JEÁN MARTEEN August '95's Playmate is studying exercise science and making numerous TV and promotional appearances. Her ideal man is "confident, sensitive, passionate, intelligent, humorous and religious." Start praying, guys. *Stephen Wayda, 38, 39, 40-41.*

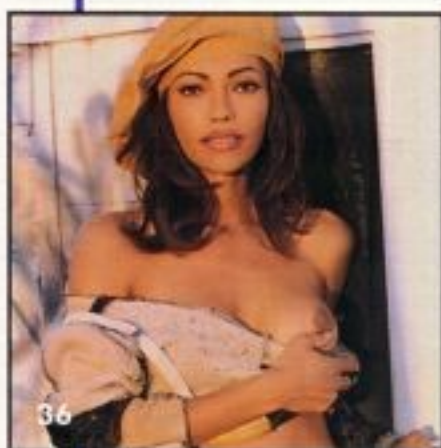

KERI-ANNE This brunette currently lives and works in L.A. *Mizuno, 42, 43.*

STEFANIE HASTINGS Outdoor activities are her passion, but given the climate of her native Minnesota, it should come as no shock that she also loves snuggling by a nice big blazing fire with a mug of steaming hot chocolate by her side. *David Mecey, 44, 45.*

AMY WEBER She got a perfect score on her high school SATs, smarts that helped her land acting jobs in *High Tide* and *Silk Stalkings*—the first step on the road to her ultimate career ambition: to win an Oscar. Vital stats: 5'6", 105 pounds, 34-24-34. *Richard Singer, 46, 47.*

TRACI ADELL Miss July '94 was a naive, insecure Memphis gal when she landed in L.A. Now, "I think I can be just about anything I want. The world's ready for me to take it." *Army Freytag, 48-49.*

LISA BANGERT She made her debut in the July/August '92 BOL, and this marks Lisa's fifth NSS appearance. *Byron Newman, 50, 51.*

SHAYNA LEE This Asian/Australian beauty grew up in Perth, studied the piano and cello as a child and still prefers classical or New Age music. *Mizuno, 52, 53.*

LISA MARIE SCOTT Miss February '95 hung up her ballet shoes when the rigors of maintaining a ballerina's physique got too great. "I never had one of those natural ballet bodies. I mean, I wasn't flat-chested. I had to get down to about 85 pounds and I had to ask, Do I enjoy it enough to sacrifice everything else in my life?" Nah. *Army Freytag, 54, 55, 56-57.*

ANGELA PENTTINEN She was at least as pumped by landing an off-Broadway role last year as she was for her December '96 *Hardbodies* NSS appearance. *Gen Nishino, 58, 59.*

KRISTIN HEROLD Twenty-six-year-old Kristin was born in New York, but like many aspiring actresses before her, she pulled up roots and settled in L.A. We don't know what this means, but she told us that as a kid she would "smear butter all over the refrigerator while eating bologna." Vital stats: 5'4", 108 pounds, 34-23-34. *Mizuno, 60, 61.*

BABY NORMAN Yep, that's her real name. "My dad was in a band called Baby when I was born. The name seemed doubly appropriate." She inherited the talent, too. In addition to a knack for singing and dancing, she just made her acting debut in *Smooth Operator*. Baby is 22, stands 5'6", weighs 117 pounds and measures in at 35-24-35. *Louise Freeman, 62-63, 64, 65.*

DANELLE FOLTA Miss April '95 has more irons in the fire than an overworked blacksmith. She's a model, actress, real estate investor and product developer. *Richard Fegley, 66, 67.*

CINDY ROUBAL Now a graduate student in communications, Cindy made the dean's list as an undergrad and hopes to land a public relations job. *Richard Fegley, 68-69.*

ALÖNA ZOUBAR With the end of the Cold War, we've seen a trade explosion between the former Soviet Union and the West. They may have gotten Big Macs, but we got Alöna, who now lives and works in London. Whadda deal. *Byron Newman, 70, 71.*

JOANNA ROBINSON This Brit lives and works in London. *Byron Newman, 72-73.*

BRIDGET MARKS Brainy Bridget was something of a whiz kid. She entered college at 16 and majored in political science. She currently lives in New York. *Edward Alfaro, 74, 75, 76-77.*

MONIQUE FOSTER She's only 23, but Monique has been in showbiz for 18 years—debuting as Gretl in a dinner theater production of *The Sound of Music* at the age of five. She's turned on by intelligence, ambition and self-discipline but admits that she could stand a little improvement in self-discipline herself. She's turned off by crowds, traffic and "idiots." *Gen Nishino, 78, 79.*

VICTORIA KNIGHT A Florida native, Victoria likes "nice smiles, square jaws and sexy abs" but is turned off by "ugly feet, hairy backs and beer bellies." *Byron Newman, 80-81.*

MARY LOU ALLGOOD It seems only fitting that a woman who was named after Rick Nelson's *Hello Mary Lou* would enthusiastically collect Fifties and Sixties memorabilia. Her cultural roots go back even farther; two of her ancestors came over on the Mayflower, and her great-grandfather fought at Gettysburg in the Civil War. *Gen Nishino, 82, 83.*

SASHA VALENTINA This is Sasha's NSS debut. *Byron Newman, 84-85.*

HEATHER PHELPS She gets her kicks from the martial arts—specifically Hapkido—cooking, riding her motorcycle and constantly redecorating her apartment. She's just practicing until she earns her interior design degree. *Andrew Goldman, 86, 87.*

CATHERINE NOLAN She claims she was an unattractive child but always aspired to the glamorous world of *PLAYBOY*. So what happened when she finally got her shot? "I was on horseback and got spattered with mud from head to foot!" *Stephen Wayda, 88, 89.*

HOLLY ALLDERS We end in a blaze of redheaded Holly's glory. *Mizuno, 90, 91.*
